**Subject:** RE: US EPA - small business panel on paint removers (methylene chloride and NMP)

Niva and Joel,

Thank you for the update. As a small business that manufactures MeCl2 and NMP paint removers, WM Barr looks forward to participating.

Thanks,

Mike

Hello –

I spoke with you a few months ago regarding participation in EPA's small business advocacy review panel to advise on our upcoming proposed rule on methylene chloride and NMP in paint removal. Since then, we've been working on the regulatory options and their projected impacts on small businesses, and we're looking forward to collaborating with the other participating agencies (Office of Management and Budget, and the Small Business Administration) to send you some materials and meeting invitations soon. I just wanted to check in and let you know that work is ongoing with this rulemaking, and please feel free to contact me or Joel (cc'd) if you have any questions.

Thanks again –

Niva
